

## PER I TURISTI STRANIERI: GUIDARE IN ITALIA

- **WHAT TO DO IN CASE OF AN ACCIDENT OR A BREAKDOWN OR WHEN STEPPING OUT OF THE VEHICLE**

A reflective jacket / waistcoat or reflective braces must be worn when stepping out of a vehicle – in case of an accident, a breakdown or for any other reason - outside built-up areas at night and even in the daytime in case of poor visibility. This applies also in rest areas and in the emergency lane of motorways. For this reason, reflective items as above are supposed to be available at all times in the driver and passenger compartment.

In case of an accident it is compulsory to stop and ascertain the extent of the damage caused to other vehicles or property. If necessary, call the municipal or road police.

If you cause an accident involving injury, or even if you note the presence of injured people after an accident you are not involved in, you must stop and provide assistance, if necessary by calling 118 for an ambulance or 112 (Carabinieri) or 113 (Police) or the Road Police.

Also in case of an accident involving animals (pets, protected animals or other animals kept for domestic use or profit), the road user having caused the accident must stop and expedite assistance.
