

PER I TURISTI STRANIERI: GUIDARE IN ITALIA

PARKING/GARAGING LPG-FUELLED VEHICLES

Parking/garaging of LPG-fuelled vehicles conforming to ECE/ONU 67/01 (that is all vehicles with LPG system installed after 1st January 2001) in closed buildings is allowed only at above-ground floors of covered car parks and first underground floor of underground garages.

LPG / METHANE FILLING STATIONS

Information on the network of methane and LPG filling stations is available at dedicated websites such as <http://www.ecomotori.net/>, in the "filling stations" (*distributori*) section (available in Italian).

LPG/METHAN-FUELLED VEHICLES EMBARKING ON FERRIES

Lpg/methan-fuelled vehicles are allowed to embark on ferries, provided the vehicle was declared as such at the time of booking and during embarking in order to be placed in the appropriate areas. The tank must be half-empty.
